Feeling Free

Feeling Free

Smiling I set one foot in front of the other
I reach the balcony
My eyes wander over the dark city
Only now and then I can see a twinkling light

But this doesn't matter
Nothing matters anymore
Thoughts race through my head
I don't give them one ounce of attention

I climb onto the fence of the balcony
Then I spread my arms wide
One last look over the dark city
Now I'm falling

I'm free
I fly
I lose my consciousness
I hit the ground
I'm dead

Dieses 'Gedicht' drückt mein Verlangen nach Freiheit aus...allerdings würde ich nie versuchen, so an meine Freiheit zu gelangen...denn wer weiß, was uns nach unserem Leben erwartet...
