Teardrops falling from Heaven

*Teardrops falling down from heaven
Raindrops rolling down my face*

*My hearts aching
I just hate it here
I don't want to be here anymore
I just want all this pain to end
Please let it end
Make the bleeding of my heart stop
Stop this aching pain
Stop the dagger that's tearing me apart
Or let my life find a bitter end*

*Teardrops falling down from heaven
Raindrops rolling down my face*
