„~*~-, JUST SARCASM „~*~-,

In the morning 9.30am London hospital...

„A man was brought after he was shot by his son with an arrow.“, told Anna-Grate her colleague Marie Sue. „Oh my goodness!!! How could that happen?“, asked she. In this moment the man was brought by a nurse. „Here is your patience, Edward Smith!“, said the nurse. Edward looked at Marie Sue and asked: „Hello Marie, do you remember me?“ „How coul I ever forget a man like you?“, answered Marie Sue.

Marie Sue held the arrow in her fingers. „You can use this arrow twice by killing your wife.“ „Yes, I just need my son's bow.“, joked he.

Later that day...

„Please rell me the truth. Will I survive? Will I see the sunrise tomorrow?“, asked Edd dramatically.

„Of course not. You will die in 2 hours.“, laughed Marie Sue.

„Well, I have ti call my mother-in-law to tell this.“, smiled he. (Anm.: Alphonse is seine Schwiegermutter xDD und der Schwiegervater. Naja wir sin halt offen für alles ;D)

Same time in front of the door...

„I'm wondering how he feels...“, thought Brunhilde.

Then she heard THAT. „I will call my mother (Alphonse xD)to bring his last will.“

After a little while...

„Hello can I help you? Are you searching for someone?“, askes Marie Sue Alphonse.

„Yes, my son-in-law is here and I bring his last will.“, answered Alphonse.

In Edwards room...

„My mother is here to say goobye.“, said Brunhilde to Edward.

„WHAT?!?“, shouted he.

„Hi Edd! Will I get your car?“, asked Alphonse with a big smile on his face.

„What willste?“, asked Edd little bit shocked.

„Forget it! It's my car.“, answered Marie Sue laughing.
