The flower of Hades

The flower of Hades

The flower of Hades,
it grows in the dark.
The flower of Hades,
is the god's mighty mark.

Made of his grundges, his pain and his rage,
it lives in the dark realm, the god's cruel cage.

The flower of Hades
holds every life's breath.
The flower of Hades
holds the essence of death.

So don't cut the flower with your bare knife,
or the world will just tumble and so mankinds life.
