

When you gonna learn?

Von -Negan-

+When you gonna learn?+

I've got no claim on him,
I thought
this is impossible,
I thought
if the others
ever found out
there would be hell to pay
I thought

but my feelings are true,
I thought
how could I kill this
I thought
It just might work
I thought

So I went
and asked him
made sure
he knew what was happening
made sure
he knew what this was about

He said it was okay
said
I should go right ahead,
try my luck
said
he didn't mind...

I took it slowly
trying, for once,
real hard

not to mess up
trying to get it right
first time

And then
there he was,
crying in my arms
crying because his true love
seemed to not want him anymore
crying because his true love
had turned him down

I guess, that's okay
I guess I really do have no claim
being, as I am, the playboy,
the women's man
I guess I have no business
complaining in the first place...

If he loves another one
let him love HIM
let them be happy together
but then
why not tell me?
It would have been okay
just telling me
hey, this one's taken
I asked
oh god I made SURE I asked..
made sure I would not hurt him
made sure
or so I thought
I would not hurt...

So
why do I?

I've got no claim on him
this is impossible
and if the others
ever find out
there will be hell to pay

Well, Kudou. You made your bed, you lie in it.
Alone.
Again.
When you gonna learn?
