Kapitel 7: tell me, you love me

Tell me, you love me!
Say it to me, like you mean it!
I will listen to you,
so you don't feel like shit!

Tell me, you need me!
Say it to me in a lovely way!
I will believe every word,
I know, you will like to stay!

Tell me, you trust me!
Say it to me every second!
I will always hear you,
your life goes to the next round!

Tell me, you love me!
Say it to me, so I can understand!
I will love you back,
because we need to go hand in hand!
