Growing up early morning,
Mirrows of light are instand everytime,
In my way you´re wrong.

Kill it and burn it down,
Make it on time more than that,
All I want is one Chance to show my idea´s
But everyone destroy them.

All Monsters are on my side and kill everybody,
Destroy every city, burn the land and bring out,
My rules finally I´m here.
I show you everything.

But my soul are not finall.
