

Kinky Blood

Von Ash_Lynx

dirty existence~

The screaming voice of betrayal
In humility shining glass
The moon bleeds
and the grimace of the child is laughing

CUT ME! (Cut me down) CUT ME! (Cut me down)
Deny my existence. (Cut me down)
The silence of euphoria tears the thoughts with itself...

The sadistic monster
who torments the ill soul

Betray me! Torment me! Kill me!
CUT ME! Deny my existence!

Blunt pain drips from the mind
The body becomes saturated
The universe implodes
Humanity~ a deadly epidemic
A core of all evil... the parasite of emotions

Crush me! CUT ME! (Cut me down) CUT ME! Look!

The child~ split by the blade
speared on his own shit
is still laughing... PSYCHO!

CUT ME! (Cut me down) CUT ME! (Cut me down) KILL ME!
Merciless life... CUT ME!

Fingernails cling in inflamed meat
tear it... KILL IT! (Cut me)
The reminiscent stream flows like deadly poison
The pulse races in the hoists

CUT ME! CUT ME! (Cut me down) KILL ME! CUT ME!

ABHOR ME! CUT ME !

Built up lie-castle
Mourning, dying lie-princess

Faded memories... forever immortalized

KILL ME !
