

Sad love story...

...about a gorilla

Von HeroicPanda

I don't know if it was love at first sight,
but all I remember is you smiling bright,
the first day we met a few years ago,
and still you don't care about me - I know.

You were always on my mind,
locked up, guarded, hard to find,
You are the one I'd gave my life for,
If it isn't enough I'll give you more.

I will always be there for you,
when you feel down or hurt or screwed,
but also when you`re happy, yeah
Because I love you, yes I swear.

And even if I'm not your boy,
I love to make you laugh in joy,
I'm glad you're my friend through all the times
I'm happy when you`re happy - end of the rhymes
