"Alright. Bye, hun!" He wanted to ring off the phone.

"No, no, Lij, wait a sec!"

"Yes?"

"You know what? I love your voice."

Lij smiled. "And I love you..."

"Fuck, Lij. I'm serious. Don't stop talking!"

"But..." He looked at his watch and sighed. Seems like he'd be late. Again. But that'll be okay. "Alright."

"Liiij!" Dom acted like being insulted. "Don't do like you don't wanna speak with me or are too busy to speak! I know you want me! Roooarr. You're my tiger!" He made some sounds of a very sick cat.

"Dom. Listen. This is an advice of your worried boyfriend: You're nuts!"

"No, I'm just crazy 'bout you!"

"Oh, really? Well... That's ok. You may go on."

"Thank you."

"..." He looked out of the window. The sun was going down and the view was gorgeous.

"LIJ! DON'T STOP TALKING!"

"I... I'm sorry... Ya know, I just thought of... Awww, forget it."

"No. Tell me." He threw himself on his bed.

"You remember us last week, when we we're still together? I mean, together-together! Not just on the phone. I was in your arms and we... We watched the sundown? Fuck. Don't ya think, this sounds too fucking romantic?"

"Silly boy... I think all the time 'bout that day... Otherwise I'd die."

"You're stupid."

"Sure. I love you."

"Well... If that isn't a nice compliment! Thank you!"

"You're welcome, silly boy!"

"Dom... I miss ya."

"I know. I miss ya too..."

"I wish I could lie in your arms again... Just forgetting the whole world around me, lying in your arms, dreaming and feeling your warmth."

"Lij... Even if you're with me, I'd miss you. I know this moments won't last for long. You have your dates, I have my dates, every day someone is in a completely different place..."

"Ssssh... Stop talking like that. Just think about the moments we're together. Don't think of us being parted, ok? I'm sad, when you're sad."

"I'm sorry... I never ment to make you sad."

"I know..." He went out on the balcony and the wind went through his hair."

"It feels so good to hear your voice. I can hear you breathing..."

"I can hear your heart bumping, Dommie. Just because of the way you speak."

"Oh man... Silly boy, if you could only see what you've done to me again!" He sounded annoyed.

"Huh? What do you mean?"

"Little Dommie is awake..." He grinned wrecked.

Lij blushed. "Dom, you pervert! Not on the phone!"
