

# Not as planned 1.5 - Katsuki and Eijiro

## A/B/O Verse

Von Puraido

### **Kapitel 19: Katsuki Bakugo + Eijiro Kirishima: +7 Year – Second Trimester (+Izuku)**

It was April now and Katsuki was incredibly giddy, he could finally go back to work. He was so happy he almost vibrated.

Hiroto was up with him in the morning. "I know you want to go back out there and punch those villains out, but don't overdo it, yeah?"

"Of course not! I need to train at first anyway. I haven't done stuff for ages now." Katsuki said. "And you, don't forget to feed Kira, she needs food regularly! And she needs to nap, too." He told him.

"Babe, I won't forget our daughter!" Hiroto chuckled, he gave Katsuki a kiss. "Have fun."

"You too!" with that, Katsuki left the house.

On his way to work, he was slightly concerned. Would he even fit in his costume? He was still chubbier than usual, and since his costume was such a tight fit, he worried now. He really had to train more!

He arrived at his workplace and his colleagues welcomed him back. "Yay, good to have you back, and not just for a little office work!" Michiko gave him a hug, Katsuki returned it.

"I'm glad that it worked out, too." He smiled.

He would usually train with either Michiko or Sougo, they were more physical fighters like him. He had to work out more to get his old form back and he also had to learn how to fight with his prosthetic leg. This was kinda tricky, jumping and landing still felt off and he landed on his ass a lot.

But he was determined to master it soon.

Eijiro felt so much better now, he opened up to Mae even more, their relationship improved massively.

He was, at the moment, on patrol with Tetsutetsu. They were walking down the street and they were talking about his past rut. "So ... your relationship problems stemmed from you wanting to get fucked by a guy?"

"Basically, ever since that god awful underground job, I had to think constantly about it, I felt so guilty because of it" he sighed. "It felt like cheating to me."

"Huh, weird stuff. But I am happy that you managed to come up with a solution" Tetsutetsu smiled.

"Yeah, me too. And so far, it's going even better with her."

"Nice, bro!"

"How is it with you and Mina?" Eijiro looked over to his buddy.

"Oh, it's going great. Never thought it would end up so good! She's a beast between the sheets, but you already knew that" he chuckled.

They stopped when there was a sudden explosion, smoke came out of a building. They immediately made their way over to the crime scene.

It turned out to be a small group of villains, they wanted to rob a bank and one of the quirks went out of control, Tetsutetsu tackled the villain to the ground and Eijiro punched the other two out of consciousness. There were a few people with minor injuries and a massive shock, but no one was life-threateningly hurt.

Katsuki got back into form pretty quickly with the intense training. His stump however always hurt after a long day of work. He gritted his teeth, it was very uncomfortable. Michiko knew the pain way too well.

They had some minor cases and the news reported of Katsuki's return to the hero life. Most people knew that he had been absent because of an injury, but magically his pregnancy hadn't been too public. At least not many big news companies had picked up on this and some people on the streets had seen and talked to him, but that was about it. He was welcomed back with open arms.

In June they had the 'big honor' to be the bodyguards for this famous Idol Kaoru Murata. Katsuki took one look at him and decided that guy was too arrogant for his

taste. The omega definitely looked down on him, and he didn't like that.

He had contacted Eijiro to tell him and Eijiro had cringed. He couldn't believe, that Kaoru was still so damn popular.

However, Kaoru had a stalker for some time now and he needed around-the-clock protection. Michiko and Katsuki had to do the job and Katsuki could see that Michiko was highly annoyed, because Kaoru hit on her multiple times.

"Oi, don't break this guy's jaw or something" Katsuki whispered to her.

"I know, but it's so damn hard ..." she growled.

Kaoru was surrounded by alpha females, his manager was one too. Enko Sansui's look, whenever she spoke to them, screamed "I am better than you". She didn't even try to hide it. How on earth did she manage to make someone as insufferable as Kaoru so damn popular?

Well, they knew the answer to that pretty quickly. Kaoru was god damn charming when he was around his fans. Enko too, she was a sweetheart all of a sudden.

"Chameleons" Michiko murmured.

One evening, before the concert, Katsuki sat together with Kaoru, the idol was humming something while observing himself in the mirror. Katsuki just sat there, watching him.

"Why the big frown on your face?" Kaoru asked, he looked at Katsuki, using the mirror. "You'll get wrinkles."

"Ah, it's nothing" Katsuki murmured. He raised an eyebrow, why did he even ask? He was so damn self-absorbed. "I have a question."

"Oh? Shoot." He turned around now.

"Why are you even an idol, when you don't seem to like the all-around? All you do is complain that fans are annoying and shit."

Kaoru pursed his lips. "Hm, oh, it's not that I hate it, I love to be in the spotlight, it's the greatest thing ever! People should see my greatness! I am just a bit annoyed by all the horny omegan teen girls."

"Why are you annoyed by them? You are an omega too." Katsuki raised his eyebrows.

"Because I'm much more into alpha females. Why do you think I surround myself with them? All my background dancers are alpha females, Enko is an alpha, and I am so into Moruga, she's great" He chuckled. "Well, to be fair, she has a weird style, and we

would have to work on that, but other than that ... She is the right amount of brutal that I like." He grinned widely.

"Yeah, but I don't think she's into you" Katsuki murmured.

"Oh? Are you two a thing?" Kaoru asked. He got up and walked over to Katsuki, his yellow eyes seemed to glow.

"Nope, I'm gay, and she is my boss," Katsuki answered.

"Ahhh, I see. You know I like a challenge, maybe I get her into bed after all" He laughed and sat next to him.

Katsuki let out a growl. "I don't think she'd appreciate it how you talk about her."

"Oh, but I can be quite charming if I want to." He leaned his head back and laughed again. "I really get turned on when they are brutal. But unfortunately, I am not allowed to get bruised up, it's such a shame."

"Why not?" Katsuki raised an eyebrow.

"Oh, just my contract. I can't let my body get too much damage." He sighed. "After all, who would want to see a bruised pop star?" He sighed.

"Yeah, would be scary I guess." Katsuki shrugged.

Kaoru mustered Katsuki for a while before he leaned over and sniffed on him. "Oh? You had pup recently?" He asked curiously.

"Yeah, I had. What about it?"

"I'm interested, how was your pregnancy?" he tilted his head.

Now Katsuki was confused. "Why are you interested in this? You don't seem to be the type of guy that is up for pregnancy" Katsuki grumbled.

"Ouch, that hurts" he chuckled. "But you're right, I never planned on having, however, someone offered a lot of money for me to be a dam, so I am curious how pregnancy feels like." Kaoru turned towards Katsuki, he put his elbow on the headrest and leaned his head against his knuckles, he stared at the alpha in front of him.

"Wow, that's kinda unexpected, to be honest. You would really have a pup for money?" Katsuki would never, ever do that.

"I'm still thinking about it, but if the offer is good enough, Enko will make me do it anyway" he sighed. "So?"

"Wait, she will make you do it?" Alarm bells rang in Katsuki's head. "Is she forcing you to do other stuff?"

"I mean, she's my manager, she has my contract and everything, what she decides will be done" He shrugged his shoulders.

Katsuki growled deeply. "Does she make you do things like this more often?"

"She doesn't pimp me out if you mean that. When I have sex, I do it because I want it. This situation is rather new. Many women asked me if I would have a baby with them, but no one ever offered such a large amount of money." He said. "She's contemplating it. Is it more lucrative to get the money and possibly ruin my body, or to continue like now?"

"What the fuck? She's a nutjob!" Katsuki was pretty enraged at that.

"It's all for the money, baby, that's just how it is in my industry." He grinned.

"But you should have a say in this too! It's your body, you should want a pup too!" He looked Kaoru in the eyes.

Suddenly the idol burst out laughing. "Oh my, you get all worked up over this? Baby, I gave them the ownership of my body, when I signed the contract!" He continued to laugh. "My training to maintain such a perfect body is agonizing. I can't have tattoos, I can't do piercings, and if they want me to get plastic surgery, I have to get plastic surgery" he shrugged his shoulders, still chuckling. "I am their perfect little puppet, and as compensation, I can have a life in luxury!"

"Is it worth it?" Katsuki was horrified when he heard that.

Kaoru mustered him. "You grew up pretty rich, right? You never had to starve, right? Otherwise, you wouldn't be so shocked about this. Normal people like you would never understand to what length I am willing to go for money."

Katsuki couldn't really believe that someone would agree to a contract like that, not even for so much money. "I mean ... I can't say much to your life, do what you want" Katsuki murmured. It still left a bad taste in Katsuki's mouth.

"I always will. So now tell me, how is pregnancy?"

Sighing, Katsuki told him how his pregnancy went.

The stalker was eventually caught and the job was done. Katsuki went home and he hugged Hiroto, he pressed his face against his mate's chest. "What's wrong?"

"I had some weird conversations with this dude. He was offered much money to be a dam and they will probably make him do it if it is worth the money."

Hiroto shook his head in disbelief. "Wow, some people go extreme lengths."

"Hmm, yeah. It remembered me of something Izuku told me a couple of years ago, about the alpha hunters in Thailand. Prostitutes that want to get pregnant, so they can enter the alpha's family this way. Or at least get money ..." Katsuki continued.

Hiroto hugged him tighter. "Yeah, it's sometimes hard out there."

Eijiro and Mae met up more with Aric and Morrigan, mostly every month now, not just when Eijiro was on rut. Sometimes he even used medication to trigger his rut. Morrigan and Mae would always watch those two, sometimes it were even more men. Morrigan liked to play with Mae's dog ears, and it made her purr, she got nothing against her doing this.

One time, Aric brought a friend, he was completely blue and had four arms. His name was Rajesh and he was fresh from India. He was really charming but what crept Eijiro out at first was, that he had two dicks! Raj laughed. "Oh, like the multiple arms, a double penis is running through my family" he shrugged.

"Aye ..." Eijiro was still kinda afraid at first, he looked over to Mae but she gave him thumbs up.

It was ... a very strange experience. He never knew that he could be stretched this far without being torn apart completely. Raj even double knotted him, which was honestly the most painful thing he ever experienced. Screw the injuries he ever had, screw the poison rushing through his body, nope, nothing compared to this. But still, he enjoyed it more than anything else.

July rolled by and Eijiro thought about Izuku again, it was his birthday in a few days ... He couldn't really believe that it had been almost four years since they last visited him. And now no one had heard of him for such a long time. It was really strange.

He shook his head and concentrated on his son. He painted a picture and Eijiro should better focus.

Katsuki was shopping at the moment, Hiroto was next to him, the alpha was carrying the pup. They needed new clothing again! Kira grew incredibly fast, he hadn't thought that she would grow like weeds.

They bought, next to the clothing, some toys for her too. The pup made happy baby noises, while Hiroto softly rocked her up and down a few times.

They got a few amused looks from other parents, some of them recognized Katsuki, but they luckily didn't bother him.

August rolled around and Momo, Katsuki, and Toya were walking through the park, Katsuki had Kira in a stroller, while Hotaru walked in the middle of them, and Momo pushed her twin stroller next to Toya. Suddenly, Toya's face got dark. "What's wrong?" Momo asked.

"Look who's there" Toya pointed towards a familiar face. Keigo was in the park with his twins. They were two years now. Both had tiny red wings and they tried to fly.

Hotaru looked over too and her eyes lit up when she saw Keigo, she still didn't understand, why Toya and he didn't hang out anymore. "Uncle Keigo!" She dashed forward before Toya could stop her.

Keigo looked up and his eyes lit up. "Hotaru!" he greeted her while holding on to his pups who wanted to 'fly away'.

Toya walked faster and he grabbed Hotaru's hand. He shot death glares in Keigo's direction. "Hey, Toya ..." Keigo mumbled. His pups sensed that the air was heavy and they hid behind him.

Hotaru was confused and looked up to her dad. "Hey, Keigo" he returned with an icy voice.

Katsuki and Momo felt awkward, they looked at each other, should they intervene or something?

Keigo and Toya stared at each other for some time, before Toya sighed. "Let's go, Hotaru." He turned away to go back to the others but Keigo stopped him.

"Toya ... I'm sorry, okay? I realized now, how big I fu- how bad I have been. I was just so lovesick that I ignored everything. I ... I am really sorry how everything went down." Keigo sounded very desperate.

The other omega turned around again, he mustered Keigo for a while. He bit down on his bottom lip while he thought about it. "Okay," Toya mumbled. "This doesn't make it better, however."

"I know ... I just wanted to apologize ..." Keigo murmured. He looked to the ground. His pups sensed his sadness and looked up to him, they whined a little.

Toya mustered Keigo again. "How ... does he treat you and the pups?" He asked. Aside from the news or the hero billboard charts he hadn't seen his father much.

"Good, but he's working most of the time. He's ... distant, sometimes it feels like I'm a single parent" there was so much sadness in his voice.

Toya in- and exhales deeply. "Damn, he's a stupid idiot ... He got a second chance and now he does this again?" He ruffled through his hair, frustrated.

"He's on missions a lot, and he sleeps at the office lately. I haven't seen him in three days." Keigo continued, softly he patted his son's hair.

Momo couldn't help but feel bad for him. Personally, she got nothing against Keigo, yeah, his actions were a bit harsh, but she got the lovesick omega.

Katsuki gritted his teeth too. He didn't want to, but he kinda felt bad too. He understood, that it sucked.

"Anyway ... I uh, I won't hold you up any longer. I want to teach Takara and Takuya how to fly."

He was about to turn around when Toya cleared his throat. "We, uh, wanted to go to the café at the end of the park, you want to come along?"

Keigo, Momo, and Katsuki were very surprised that this offer came from Toya. His face was still hard, but he felt a little bit of sympathy for his old friend.

"If that's really okay?" The omega looked from Toya to Momo and Katsuki. They nodded, still a little perplexed.

"Yeah, it is," Toya answered.

"Okay, then I'm coming with you." He picked up his pups and then the group went to said café. They sat down it was a bit stressful to organize all the children, but eventually, everyone was settled.

The waitress that came over was visibly excited to have so many pro heroes in front of her. She took their orders and practically ran away to get them.

They sat there in awkward silence until they all had their orders. "Should I talk to him?" Toya asked after a while.

Keigo looked up, surprised. "What? I thought you don't like it, that we're dating, why would you offer that?"

"You're right, I still absolutely don't like it, but ... it's less for you, and more for your pups, I don't want them to get the same treatment as we did. They deserve better."

The bird hero was baffled, he had never thought, that Toya would offer something like that. "I mean ... only if you are comfortable in doing so. You don't have to if you don't want to."

"Hmpf, I'll see what I can do," Toya grunted.

"Thanks."

Katsuki looked at Momo again, he was impressed by his friend. She smiled happily, she knew that this wasn't an easy task for Toya.

Toya looked over to Takara and Takuya, they munched happily their desserts. Hotaru was next to them and sometimes she fed them, happy puppy sounds rang through the whole café.

"Can you maybe come with me?" Toya asked Katsuki the other day. "I don't want to go there alone. Damn, why did I even offer that?" he sighed in frustration.

"I was wondering the same, to be honest," Katsuki said. "But sure, I'll come with you."

"Thanks. Yeah, I don't know, I kinda felt bad ..." Toya deeply sighed. "Stupid me."

They made their way over to the Endeavor Agency. The hero was more than a little bit surprised to see his oldest son here. He just came back from a job.

"Toya, what are you doing here?" He growled.

"We need to talk." The omega grumbled.

Endeavor huffed and they went into his office. Katsuki followed them, hands in his pockets, he kept quiet mostly.

"So, what is it?" Enji asked again.

"We need to talk about Keigo" Toya started.

Enji raised his eyebrows. "What about him?"

"I met him in the park the other day, and he told me, that you are basically never home. Are you doing it a second time? Abandoning your family?" Toya hissed.

"What is he talking about? I do go home, but I had a lengthy job these past days" Enji growled.

"Well, no matter what it is, stop neglecting him and your new children, for fucks sake! He feels like a damn single-parent half of the time because you are not there for him!"

"He's talking nonsense!" Enji crossed his arms in front of his chest. "Besides, I thought you don't like the relationship between me and him?"

"Yeah, I am still not a fan! I still hate it, but what's done is done! You chose him, you

had pups with him, and now you are neglecting them again. Do you want your new children to go through the same as I did or my other siblings? Do you want to repeat the same mistakes over and over again?" Toya hissed. "If you have no fucking interest in Keigo and your pups anymore, then you should just end it instead of letting him hanging."

The flames surrounding Enji got smaller. "If he wouldn't push for that stupid mating thing, I wouldn't have to stay away, but all he's talking about is mating and marrying" Enji grumbled.

"Are you that stupid? Of course, he wants to mate and marry you. For whatever reason, he's in love with you! Of course, he wishes to bind himself to you!" Toya snarled.

Katsuki had his eyebrows raised. He remembered his last conversation with Deku at UA where Deku mentioned he wouldn't claim him. How pissed off he had been He didn't even want to imagine, how Hawks felt most of the time.

"I told him from the beginning, that I am not up for mating or marrying, he agreed to that. I don't want this to be public, because when I show up mated all of a sudden, these vultures are going to ask questions." The alpha grumbled.

"Oh, so it's about your public image? Are you concerned about what people will think, that you fuck someone who's so much younger than you?"

Katsuki chuffed one time but he could stifle all other sounds. Endeavor gritted his teeth. "What? You look surprised?" Toya continued. "I mean there will surely be many people, who are against such huge age gap relationships. I mean, Keigo is younger than me ... How would that look on the papers, huh? I find it disgusting, so surely others do too." He squinted his eyes.

"Yeah, that's maybe one of the reasons ..." Enji murmured.

"And the other reasons?" Toya pressed.

"I ... he might feel more for me than I feel for him ..."

Toya shook his head in disbelief. "Wow, just, wow. Look, if you don't love him, okay, then that can't be changed, but then fucking tell him! And don't keep him waiting for years! That's just beyond cruel!"

"Yeah, I agree to that ..." Katsuki murmured in the background.

"I know it is ... I thought it would be enough if he stays in the house with the pups, but I was wrong."

Toya pinched the bridge of his nose. "You know what, I just can't deal with this bullshit anymore. Either you talk to Keigo and get your shit together, or I will, your choice."

"No! I will talk to him" Enji exhaled deeply.

"Good, get your shit together! He deserves to know!" With that Toya turned around, he and Katsuki left the office. Toya let out a deep growl, he was so agitated now, he just couldn't deal with his stupid father any longer.

He messaged Hawks that he now had talked to Enji, and he told him to have a talk. Hawks should contact him if that didn't happen.

Hawks thanked him and told him that he would keep him updated.

In the following days, nothing out of the ordinary happened. Hawks didn't contact Toya. It was on Thursday however, when Hawks stormed into the office of the Moruga agency. All the members were present and they looked rather confused. Especially when he stormed over to Michiko. "You!"

"Me?" Michiko raised her eyebrows. "What's going on here?" She mustered the upset omega.

"Don't come at me like you don't know what's going on!" Hawks flapped his wings angrily. "I didn't recognize it at first, but it's your scent that's all over him!" He hissed.

"The fuck are you talking about?" Michiko got more and more confused. Toya was alarmed too, he stood up and walked closer to Hawks.

"I talk about you and Enji, you fuck, right? I can smell the capsaicin all over him! It's your scent!"

Everyone looked at Michiko now. Toya couldn't actually believe, what Hawks was saying.

"Eh, what? Why would you think I'd sleep with Endeavor of all people?" Michiko stood up now.

"I don't know why you would do that! But when he got home, he was full of your stench! The capsaicin was all over his body and clothes! It has to be you!"

"But it's not! I would never, ever sleep with Endeavor!"

"Yeah, you say that now!" Hawks' feathers pointed at Michiko, and it looked like he was ready to pierce her with every single one of it.

"Damn, Hawks, newsflash I haven't talked with Endeavor in months! Let alone I slept with him. Besides, he's your boyfriend or whatever and he is Toya's father. I have no intention of sleeping with any parent of my co-workers! Especially when they are alpha males!" She got louder too.

"But why is your scent all over him then? It was so deep into his skin, that not even a shower could get rid of it!"

"I have no idea! How about you ask him?" Michiko suggested, now her capsaicin stench flooded the room. She was really pissed off.

"He won't answer his damn phone when I call him!" Hawks shrieked.

"Fucking fine, I'll call him!" Michiko grabbed her phone and called the agency. Sougo was next to Toya to keep him calm. The omega was pretty pissed off again.

"Yo, hey Endeavor, move your fucking ass over to my agency. I got a problem here" She listened. "Huh? Well, your feathered lover boy is here, go get him ASAP." She growled and hung up after he had answered. She turned her attention back to Hawks. "He's coming over."

Hawks hissed and crossed his arms in front of his chest.

Kuroko sat on her desk and she had the biggest grin on her face, this was so interesting to her. She kinda hoped that a few hearts got broken.

Endeavor arrived about twenty minutes after the call, he was royally pissed off. "What the hell is going on here?" He growled with a deep voice.

"Hawks thinks, we're fucking" Michiko immediately answered. She sat half on her desk and her eyes wandered from Hawks to Endeavor now.

"What?" Endeavor exploded. "What makes you think such nonsense! I haven't seen Moruga in months!" He bellowed.

"Yeah, but why is her scent all over you?!" Hawks yelled. "I haven't met many people who have a capsaicin scent, especially this heavy!" He flapped angrily with his wings.

Michiko jumped up and walked over to Endeavor, she sniffed at him and then covered her nose. "That's definitely my scent ..."

"See?! What did I say?!"

"But why on Earth would Michiko even want to sleep with Endeavor" Katsuki murmured.

"Yeah, as far as I know, Endeavor is not an omega, and with the exception of Saeko, I never had something with another alpha" She clarified.

"But-" Keigo started again, but Enji interrupted him. "I told you that I saved this woman a couple of days ago. She clutched onto me, while I was hovering through the air. I didn't smell it at the time, because there were so many other scents all around

us, especially the one from the burning building but that could have been it. When we landed she made an effort to rub herself all over me."

"Why would she do that?" Keigo asked, he was still way too emotional.

"I have no idea. But I definitely didn't sleep with Moruga. Look, Keigo, I am many things, an asshole, a bad partner or father, but I am not a cheater. I never cheated on Rei, even when she was ten years in the hospital and I did not cheat on you!" He walked over to Keigo and put a hand on the omega's shoulder.

Keigo looked to the ground, he leaned over and pressed his head against the alpha's chest. "I'm sorry" he murmured. "It's just too much at the moment, you're always out and away for days. What am I supposed to think, when you come home with a scent so deeply grinded into you?"

"I ... I had a very long mission, I'm sorry," Enji murmured.

"Boohoo, now that everyone is sorry, you can reconcile somewhere else. No one wants to see that!" Kuroko called out from her place.

"Stop it, Kuroko!" Satsuki hit her.

"She's right, we caused enough trouble we should probably leave. I will take the rest of the day off."

Hawks looked up. "Really?!" A hopeful expression was on his face.

"Yes, really" Endeavor looked down at him.

"I think I have to puke" Toya murmured to Katsuki and Sougo.

The blonde alpha laughed. "Yeah, it's weird."

Hawks turned around to Michiko. "Uh, I apologize to you, too. I really thought that you were with him."

"Never ever would I do that. But it's okay, man, we all make mistakes." She nodded.

Afterward, Endeavor and Hawks left the office. "Damn, that was intense" Sougo mumbled, he hugged his mate and rumbled a bit to soothe him.

"Yeah, don't really need that relationship bullshit," Toya answered.

"I'm still wondering, why my scent was all over him ..." Michiko thought out loud.

"Are you sure, that it was yours and not just a similar one?" Toya questioned.

"No, it wasn't just similar, it was pretty much my scent." Michiko put a hand up to rub over her chin.

"That's weird. What could that mean?" Katsuki asked.

"I have no idea."

+++

Inko visited the sheep farm fairly often. Especially to decorate the additional room for the unborn pup. Lucia was thankful for that, she was in the nest most of the time, the pregnancy was draining at this stage. She had some health problems coming with it.

She was more often in the hospital than she liked. But her past torture now caught up to her. It strained her body heavily, she had high blood pressure and in general heart problems.

Izuku was very concerned about her, but she always tried to play it down.

They had a very small official wedding in May when Lucia was strong enough to leave the bed. She wanted to get this settled, she wanted a safe future for Kieran.

Since they were still relatively new to Ireland, not many people attended. Some of Izuku's colleagues showed up, but other than that only Inko came. After that, they applied for Izuku to adopt Kieran officially.

It was a little bit of back and forth, but it was fairly quick, and eventually, Kieran was now officially Izuku's son. The boy was very happy about that.

Lucia was at home at the moment, she felt relatively stable, but she was still lying in her nest. Sorcha was with her in the bed, she cuddled up close to her owner. She was very protective of her.

Oisín was out with Kieran and Izuku, watching the sheep. Izuku floated with Kieran in the air and the boy laughed happily. It was his favorite thing to fly with Izuku around.

Izuku didn't want him to worry about his mom. He knew that she had a high-risk pregnancy, but he still didn't want to burden the boy with it.

When they came back, Lucia sat on the couch, she was wrapped up in a blanket, even though it was relatively warm outside. She watched some TV. Sorcha was still next to her.

Izuku sat down, next to her, Kieran was on Sorcha's other side. Izuku kissed Lucia, he tried to place his hand on her belly, but the dog growled at him, no one was allowed to touch her when Sorcha was around. Izuku chuckled and patted the dog's head instead.

He could only hope for the best, that the pregnancy would not be too stressful for Lucia.
