Healing-time

Part 4

Duo came back out of the bathroom. He had seen the sweat on Heero's forehead and went to get a damp cloth.

He laid it on the boy's forehead and sat down on the bed again. Then he started to softly hum a song. Within a few seconds Heero's breathing evened out and he fell asleep. Duo wiped the little tear out of Heero's face and smiled down at him.

// He really was worried about me... I mean ME! Maybe there's still hope. Maybe I can get through his defences and get to the real Heero... I will try my best! //

He softly stroked through Heero's unruly hair.

// He looks so small and fragile with all the bandages... //

Duo didn't know how long he sat there, but it must have been quite a while.

He heard a knock on the door and when he turned around, he saw Quatre smiling at him.

"I made dinner... do you want to come and eat with us?"

"Nah, thanks man, I don't want to let him alone right now..."

"He's sleeping again? He really needs the rest... but you need it too. AND you need to eat something!"

Duo smiled.

"You're right, I'm hungry... uhm... can you do me a favour and bring me some of it? I really don't want to leave... oh, and a bit for Heero too, though I don't know what he can eat and what not..."

"I bring you something and I will look what I can find for Heero, ok?"

"Thanks Q-man."

Quatre left and closed the door behind himself.

Trowa and Wufei sat at the kitchen table. Wufei came back a few minutes ago.

"Sally will visit us tomorrow. She wants to check Heero's injuries and make sure he's fine."

They looked up when Quatre entered the kitchen and started to prepare a bit of the food for Heero and Duo.

"Heero is sleeping again... I never even imagined to see him as weak as he is right now!"

"He isn't weak."

"You've seen him after we rescued the little one. He went through a lot in there... but we're talking about Heero Yuy here, I'm sure he'll be back to normal in no time."

"Trowa is right. Heero is strong and he will be fit again soon."

Quatre smiled at them.

"You two are probably right... well, I have to bring Duo his food. I see y-"

"Wait. I'll go."

Quatre turned around and looked at Wufei questioningly. The chinese boy walked up to him and took the tray with the food out of Quatre's hands.

"I'll bring it to them. You havn't eaten yet. Sit down and do it."

"... okay..."

Quatre was still a bit confused about Wufei's behaviour, but went to the table and sat down on the chair next to Trowa, while Wufei walked out of the kitchen.

"... I think I missed something. Since when does Wufei act so nice towards Duo? Normally he would rant on and on about how much 'unjustice' this is and how weak Duo is for not getting his food himself..."

Trowa shrugged.

"Who knows... now come on little one, Wufei was right, you should eat something."

Quatre smiled up at Trowa and nodded.

They both ate in silence, content with the fact that they were alone.

Wufei sat the tray down on a small table next to Heero's room and knocked on the door. He heard a quiet 'come in' from the other side, opened the door and looked in. Duo sat next to a sleeping Heero and looked at Wufei in surprise. Wufei took the food and walked in. He sat one bowl down on the nightstand for Heero and gave Duo the other one.

"How is he?" He nodded in Heero's direction.

"Fine I guess. We had a little argument, that tired him, but he's ok."

"An argument?"

Duo looked away.

"... something about the interrogation..."

"You don't have to tell me, if you don't want to."

"Thank you Wu..." He smiled up at him.

"By the way, Sally will come over tomorrow afternoon. She wants to check Heero's injuries... hmm... maybe he can at least get the bandage over his eye away."

Duo looked at Heero and nodded.

"You should eat that Duo."

He smiled up at Wufei again, then his attention got back to his food and he started to eat.

"This's good."

"Yes it is. And don't forget to wake Heero up. His soup is getting cold."

Wufei left the room, closing the door on his way out.

to be continued...

...? How was this? Short, I know... but at least I updated, ne? So... tell me what you think. The more reviews I get, the faster I will update!

cya all!
